## Mala Awards 2011

Teamglobal Logistics Pvt. Ltd, was nominated for the prestigious 2<sup>nd</sup> All India MALA (Maritime and Logistics Awards) 2011 which were held on 30<sup>th</sup> September 2011 at Vivanta by Taj President, Mumbai.

The All-India Maritime and Logistics Awards (MALA) 2011, witnessed the veritable who's who of the industry, from India and abroad, gathering to grace the function. Representatives from all segments of the cargo, maritime and logistics trade, as expected were present in strength for this comprehensive acknowledgement of excellence in the sector, which saw nominees vie for awards in more than 40 categories.

It was truly a lively evening of Joy and Appreciation where top performers and trendsetters – companies as well as individuals were honored.

**Teamglobal Logistics Pvt. Ltd., were nominated in the category of 'LCL Consolidator of the Year 2011' for the 2<sup>nd</sup> consecutive year and we won the Award 2<sup>nd</sup> year in succession.**

The nominees were

1. All Cargo Logistics Ltd
2. Teamglobal Logistics Pvt. Ltd.,
3. Total Transport Systems Pvt. Ltd

The credit goes to the Management team of **Mr. Nityam Khosla, Mr. Vivek Kele** and **Mr. Rajesh Bhanushali** for their able, precise and relentless guidance in assisting all the members of the Teamglobal family to execute their work with precision. It is also worthwhile to mention here the support and dedication of one and all working all year round to help achieve this moment. The branch heads located at All India locations who are constantly supporting to ensure TGL flag is kept flying high, the Senior Managers at all locations who are constantly guiding their staff to be able to live upto the companies mission of "**Continuously offer innovative and reliable logistics solutions meeting our customers changing business requirements with efficiencies of cost and time.**"

It was an overwhelming feeling when our name was announced surpassing other nominees in the category vying for this award. It is for this moment that all of us work to feel satisfied and have a satisfied customer at the other end.

MALA 2012 promises to be bigger than what was witnessed in the first 2 years of its existence and we would like to keep this trend continuing and ensuring our TGL flag flies high on all platforms.

A Big Thank you to one and all for making this possible.

## Mala Awards 2010

Teamglobal Logistics named LCL Consolidator of Year

Teamglobal Logistics was the recipient of the LCL Consolidator of the Year award at last week's Maritime And Logistics Awards (MALA) 2010 at the Taj President here.

At a glittering function that was attended by the Who's Who of the maritime and logistics industry, Mr Vivek Kele and Mr Nityam Khosla, Directors of Teamglobal, accepted the trophy and citation from Mr L. Radhakrishnan, Chairman of JN Port.

This prestigious awards function, presided over by Dr S. Agnihotri, Director-General of Shipping, was a first-of-its-kind instituted to recognise prominent companies in various segments of the industry. It was organised by Exim India.

The eminent jury of MALA 2010 was headed by Mr D. T. Joseph, Former Secretary, Union Ministry of Shipping, and comprised leading personalities from the sector, who chose Teamglobal over its nearest rivals.

Teamglobal, formed in 2005, has since emerged as a leading LCL carrier. The company has been focusing on giving quality LCL cargo transport solutions to its customers. It has already established a pan-India footprint with its set of 12 own offices and 7 dedicated agents and a well-qualified staff of over 300.

Right from the beginning, process, quality and consistency have been the hallmarks of Teamglobal's operations. It holds the prestigious quality certification of ISO 9000-2001 accorded by DNV and has taken various quality initiatives like Business Process Monitoring System, Process Re-engineering, Service Tracking in this direction.

Teamglobal operates more than 100 LCL services to and from India and is a member of World Wide Alliance (WWA). World Wide Alliance is a network of neutral LCL consolidators who offer global LCL solutions to multinational freight forwarding companies. WWA now has more than 1,600 direct LCL consolidation services globally.

Large MNC freight forwarding companies, having presence across continents, need a global LCL operator which WWA has been successfully providing. At the same time, with its strong domain knowledge of the local LCL market, Teamglobal has been closely working with the Indian forwarding companies to ensure that world class services are available to its customers.

Having established its services in the LCL consolidation segment, Teamglobal has also got the IATA certification and has been offering air transport solutions to its customers. It has registration with all the major airports in the country from where it offers its services.

Project cargo transportation is one more area where Teamglobal is also making its presence felt and has handled challenging assignments in the last few years.

Another area where Teamglobal offers its exclusive services is in cargo transportation to inland destinations in Central Africa. It is one of the few companies having the expertise to carry cargo to remote locations in Zambia, Congo, Rwanda, Burundi, Malawi and Uganda, and is known to be a reliable player for services in this sector.

In the beginning of this year, Teamglobal has launched its e-commerce portal and has e-enabled its major business transactions like Track and Trace, Vessel Schedules, Bookings, SI Submissions, CAN retrievals, Statement of Accounting, etc., and has been offering them to its customers. This has made dealing with Teamglobal easier and quicker.

Teamglobal has also been using various IT services effectively and now has EDI connectivity with its network globally, with local Port and Customs authorities. It is now working towards EDI integration with its customers.

Teamglobal proposes to continue expanding its services and presence in India to cater to the various transportation needs of its customers and network partners.
